DEPARTMENT OF COMMERCE
PUBLIC SAFETY DIVISION

STAN STEPHENS, GOVERNOR

1424 9TH AVENUE

STATE OF MONTANA

HELENA, MONTANA 59620-0407

The Honorable Stan Stephens, Governor
State of Montana
State Capitol
Helena, MT 59620

Dear Governor Stephens:

Pursuant to Sections 37-1-106, MCA, the Department of Commerce, in cooperation with each professional and occupational licensing board assigned to it, respectfully submits this biennial report.

The report contains an overall description of the Bureau of Professional and Occupational Licensing and the accomplishments of the boards during the last biennium. It includes a breakdown of board expenditures and revenues; legislative and court actions affecting the boards; complaints received and their disposition; and statistical reports of the board activities.

Sincerely,

A handwritten signature in dark ink, appearing to read "C. Brooke".

Charles A. Brooke
Director

BIENNIAL REPORT

PROGRAM IDENTIFICATION:

Bureau: Professional and Occupational Licensing
Division: Public Safety
Department: Commerce
Division Administrator: W. James Kembel
Bureau Chief: Stephen H. Meloy

PROGRAM OBJECTIVES:

It is the mission of the Professional and Occupational Licensing Bureau to safeguard the public health, safety and welfare of the citizens of the State of Montana and protect the public from being misled by unscrupulous, incompetent and unauthorized persons. The boards protect the public from unprofessional conduct by licensees and help assure the availability of the highest quality services of those licensed.

PROGRAM GOALS AND DESCRIPTION:

The Bureau of Professional and Occupational Licensing will continue to provide all administrative and clerical services needed by the boards, including corresponding; taking applications for licenses; issuing licenses granted by the boards; renewing licenses; requiring continuing education credits for licensure where specified by law; levy fines under jurisdiction of appropriate boards; inspect businesses where appropriate; taking minutes of board meetings and hearings.

The Bureau will also continue to make all arrangements for meeting and exam facilities for each board; administer and grade examinations where required; provides legal staff and investigators to investigate legal infractions upon requests from the boards, hold hearings and determine the disposition of complaints, thus providing the necessary support services to enable the boards to provide effective and efficient services to the public.

STATUTORY BASIS OF THE BUREAU:

Title 2, Ch. 15, part 18	Establishes the Department of Commerce and all boards under the department.
Title 37	Encompasses the laws governing the licensing boards under the Bureau of Professional and Occupational Licensing attached to the Department of Commerce.

BUREAU DESCRIPTION:

A. The bureau is directed by the Bureau Chief. There is also an assistant to the Bureau Chief in administrative affairs.

B. Administrative Support Pool - The administrative support for the Bureau of Professional and Occupational Licensing encompasses 13 administrative assistants, a receptionist and 2 administrative aides. The support pool handles all administrative duties of 30 boards. The number of boards assigned to each administrative assistant depends on the complexity of the boards. We also have three part-time positions that are filled during peak renewal periods.

C. Investigative Unit - The investigative unit is comprised of three investigators. Two of the investigators handle varied complaints for the boards as well as do audits of trust accounts for the Board of Realty Regulation. The third inspector checks cosmetology shops for compliance throughout the state.

D. Automation Unit - The automation unit includes a programmer and a technician who assures the computer system remains in working order; develop programs; print licenses, labels, lists; and teach classes.

D. Legal Staff: - There are three attorneys assigned to the bureau who handle the legal problems arising from complaints, adoption of rules, hearings, and court cases. They also have day to day input on matters dealing with the public.

E. Executive Secretaries - There are three Executive Secretaries mandated by statute for three health related boards. The Board of Pharmacy, the Board of Nursing and the Board of Medical Examiners. The Executive Secretary for the Board of Medical Examiners is also an attorney.

F. Boards: - There are 30 regulatory boards assigned to the Department of Commerce, Professional and Occupational Licensing Bureau and allocated to the department for administrative purposes. The 161 board members are appointed by the Governor to protect the health and welfare of the citizens of Montana; adopt rules to conduct business; set procedures; discipline peers; evaluate potential licensees; hold oral interviews; evaluate continuing education programs; hold hearings for disciplinary action and work in conjunction with associations to maintain high standards of excellence for the professions within the state. A list of boards follows:

Board of Architects
Board of Athletics
Board of Barbers
Board of Chiropractors
Board of Cosmetologists

Board of Outfitters and Guides
Board of Pass. Tramways
Board of Pharmacists
Board of Physical Therapists
Polygraph

Board of Dentistry	Private Employment Agencies
Board of Hearing Aid Disp.	Board of Priv. Investigators
Board of Landscape Architects	Board of Prof. Engineers and
Board of Medical Examiners	Land Surveyors
Board of Morticians	Board of Psychologists
Board of Nursing	Board of Public Accountants
Board of Nursing Home Admins.	Board of Radiologic Techs.
Board of Occupational Therapists	Board of Realty Regulation
Board of Optometrists	Board of Sanitarians
	Board of Social Workers & Prof. Counselors
	Board of Speech Pathologists & Audiologists
	Board of Veterinary Medicine

BASE FUNDING:

The operations of the Professional and Occupational Licensing Bureau are funded exclusively by Earmarked Revenue Accounts maintained by each board through licensing fees.

ACCOMPLISHMENTS FOR FISCAL YEARS 1988-89
FOR THE
PROFESSIONAL AND OCCUPATIONAL LICENSING BUREAU

BOARD OF ARCHITECTS: The Board of Architects now participates in the NCARB computer examination. Implementation and use of this examination will, in time, allow licensing candidates to take the licensing examination several times a year. Prior to implementation of a computer examination, a candidate could take the licensing examination only once a year.

BOARD OF ATHLETICS: In FY88 television greatly influenced the people in Montana in their infatuation with professional wrestling. The board supervised and regulated eleven professional wrestling events and only one boxing card.

In FY89 the board issued olympic boxer, Todd Foster his original professional boxer license spurring a revitalization of boxing in Montana. The board regulated three professional boxing cards and nine professional wrestling matches.

BOARD OF BARBERS: During the biennium, the Board reviewed and revamped their examination procedures. They felt a public member observing and not grading any of the exams, would protect the public. This will also protect the board from being accused of favoritism.

Investigation of facilities being used as exam sites was implemented to make sure quality examinations would be given. A list of items needed for the examination will be sent to prospective shops and schools prior to their use.

BOARD OF CHIROPRACTORS: The Board held six meetings, five conference calls, proposed and held one hearing on adoption of rules, and disciplinary actions were taken against 3 licensees. Montana became the first state to certify chiropractors as evaluators of impairment ratings in worker's compensation cases.

BOARD OF COSMETOLOGISTS: The Board revamped all of their examinations and have implemented new ones for the practical cosmetology examination, law and rule examination for cosmetology, a manicurists practical examination, electrologist practical and law and rule examinations and training and certification for their examiners.

BOARD OF DENTISTRY: The Board of Dentistry implemented a Complaint Screening Committee. This committee is responsible for screening all complaints, initiating investigations, monitoring investigations, compiling investigative reports, reporting findings and making action recommendations to the Board of Dentistry.

BOARD OF HEARING AID DISPENSERS: In FY88 the Board held three meetings, two conference calls and one rule hearing. The board issued a press release on consumer awareness in purchasing a hearing aid, targeting senior citizen newspapers.

In FY89 the Board held two meetings and two conference calls, with major disciplinary actions filed against three licensees. The Board resolved a large number of complaints and worked with the industry to decrease the number of consumer complaints from forty-eight in FY87 to only twenty-three in FY89.

BOARD OF LANDSCAPE ARCHITECTS: In FY88 the Board held two meetings, one national examination for three applicants and issued one new license and one reciprocal license. The Board also had representation at the annual CLARB meeting.

In FY89 the Board held two meetings, one national examination given to seven applicants and one reciprocal license was issued. The board updated their rules to comply with the statute and clarified the national examination passing score for Montana.

BOARD OF MEDICAL EXAMINERS: In FY88 the Board launched the Impaired Physicians Program, promulgated rules for licensing nutritionists and began using the Department's staff attorneys instead of private legal counsel.

In FY89 the Board worked with the Montana Academy of Physician Assistants to improve communication; began licensing Nutritionists; were approached by Naturopaths, Electrologists and Physician Assistants for legislation; developed a screening committee to initially review complaints before the entire Board got involved, to save time and effort during Board meetings; accepted the dentists into the renamed Montana Professional Assistance Program (impaired physicians program); and took steps to form an Advisory Council to handle the program.

BOARD OF MORTICIANS: In FY88 the Board held four meetings and two examinations. They granted four new licenses and one intern license. The Board met with the Department of Health and proposed changes in embalming rules and notification of AIDS deaths. All funeral homes were inspected during the year.

In FY89 the Board held two meetings and one conference call. They granted four licenses and two intern licenses. They provided lists of all continuing education programs available in-state to all licensees. The Board granted fifty year license awards to two people. All funeral homes were inspected and two disciplinary hearing were held with one pending in district court.

BOARD OF NURSING:

Granted initial approval for the establishment of an Associate Degree Program in Nursing at the Salish Kootenai College in Pablo, Montana. This brings the total number of approved programs preparing registered nurses in Montana to five.

Established a committee to work jointly with the Board of Medical Examiners to develop proposed rules regulating prescription of drugs by nurse specialists.

Established a committee to develop a plan for a program to assist licensed nurses who are found to be physically or mentally impaired by habitual intemperance or the excessive use of narcotic drugs, alcohol or other substances.

Requested an attorney general's opinion as to the Board's authority to issue nursing practice opinions.

Conducted one formal rule hearing. Amended rules relating to renewal fees, specialty areas educational requirements, licensure by examination, disciplinary procedures in another state and the Standards for Montana school of Professional Nursing.

Conducted site surveys of one baccalaureate professional nursing program and each of its three extended campuses and surveys of three practical nursing programs. Following review of these programs, the Board granted a four year continued full approval status to the baccalaureate program and a three year continued full approval to the three practical nursing programs.

Continued discussion with the Department of Health & environmental Sciences, the state Ombudsman and Department of Family Services in regard to administration of medications by unlicensed persons

Represented the Board on the Board of Regents Task Force on Nursing and the Montana Task Force on Nursing Supply.

The Board will lose their Executive Secretary after 11 years of service to that board. It is expected that a new Executive Secretary will be in place by the first of the year. The Board has hired a Nursing Consultant who will deal with the nursing practice area of nursing.

BOARD OF NURSING HOME ADMINISTRATORS: The Board changed their fee schedule so they were commensurate with costs and amended their rules. They increased the number of licensees and have been approved to budget for out of state travel.

4

BOARD OF OUTFITTERS: The Board of Outfitters activities included collecting statistical information from licensees that would provide other agencies the statistics that may help their studies on hunting and fishing within the State of Montana.

The Board has been involved with the State of Wyoming and Alaska in providing information on setting up a professional and occupational licensing board in those states.

The Board has implemented a new roster listing of the outfitters and their services. They are also working on memorandums for better understanding between agencies who touch on the occupation of outfitting. They have developed an operations plan which must be submitted with each renewal in order to track land management.

The Board is striving for stiff penalties against illegal outfitters and guides and to make the public aware of illegal outfitters and to report such illegal activities to the proper authorities.

BOARD OF OCCUPATIONAL THERAPISTS: The Board has been working toward better public relations and accessibility to the public and licensees.

BOARD OF OPTOMETRISTS: In FY88 the Board implemented a new exam procedure which ensured more accurate results. These results were less arbitrary and could easily be documented.

In FY89 the Board refined the exam process. They initiated a continuing education check program to verify attendance at continuing education courses.

BOARD OF PHARMACY: Warren Amole, Executive Secretary for the Board has been elected president of the National Association of State Boards of Pharmacy.

The Board reviewed statutes and rules and made recommendations to eliminate unused/unnecessary sections, clearing up archaic language, and possibly proposing legislation to clean up some vague areas.

The Board formed the Supportive Personnel Advisory Panel to review the utilization of supportive personnel in pharmacies in Montana.

They updated the list of controlled substances in the ARM to comply with actions taken on the federal level by the Department of Justice & Drug Enforcement Administration.

Added "the diversion of drug samples" to the definition of gross immorality in the Board's rules.

They revised their intern workbooks.

BOARD OF PHYSICAL THERAPY EXAMINERS: The Board had their law changed to required education and experience or a combination of both to qualify for licensure. They lowered their application fee, raised their examination fee to correspond with the contracting examination service and gave more examinations than had been given in the previous five years. They addressed all complaints received.

POLYGRAPH: The Bureau continues to administer their program by collecting fees for licensure and renewal. Their main concern is to protect the public against the illegal use of polygraph examinations particularly in the work place and maintain professional competency through continuing education.

BOARD OF PRIVATE SECURITY PATROLMEN AND INVESTIGATORS: The Board budget was brought up from a negative balance to a positive balance and they were able to lower their renewal fees in the process. They licensed more licensees and registered more guards as well as gave more examinations.

BOARD OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS: The Board held seven board meetings during the biennium. The first newsletter for the Board was printed and distributed in June 1989. Subsequent publications will be on an annual basis after the February board meetings.

Rosters of current licensees are available after each renewal period. The Board renews on a biannual basis.

The Board reviewed surveying curricula from Montana State University, Flathead Valley Community College, Dawson Community College and Northern Montana College. Three of the four school's curricula were approved by the Board.

The Board is currently reviewing the Rules of Professional Conduct for Engineers and Land Surveyors.

PRIVATE EMPLOYMENT AGENCIES: The Bureau continues to administer their program by renewing their licenses, accepting applications for new licensure and funneling all complaints to the proper County Attorney.

BOARD OF PSYCHOLOGISTS: The Board rewrote their rules to comply with legislative changes that were effective 10/1/87. The new rules were adopted in March of 1988.

The Board updated all forms to comply with the new law and rules.

They attempted to implement continuing education but the bill authorizing this did not make it through the legislature.

BOARD OF PUBLIC ACCOUNTANTS: The Board continues to license applicants for certification the have met the examination, educational and experience requirements.

They conduct investigations to determine if reasonable cause exists to initiate proceedings for proposed disciplinary actions.

They evaluate CPE programs for credit and conduct a random audit of CPE hours submitted for credit.

The Board monitors the profession by requiring permit holders to submit the highest level of report issued to monitor the compliance with generally accepted auditing standards and provide for the registration of partnerships, professional service corporations and offices.

The Board is planning to contract with an outside agency to administer the Uniform CPA Examination. This will allow more time to devote to other areas of Board administration for both staff and members of the Board.

Rules will be drafted to implement the 150-semester hour requirement, effective July 1, 1997 for CPA and LPA candidates the was mandated by the 1989 Legislature.

BOARD OF RADIOLOGIC TECHNOLOGISTS: One of the main objectives of the Board is to assure that all x-ray procedures are performed by qualified, competent and experienced persons. They will continue to make all locations aware of the dangers of x-ray radiation and enforce the statues affecting licensure of radiologic technologists.

The Board has revised all seven limited permit examinations.

BOARD OF REALTY REGULATION: In FY88 the Board implemented continuing education requirements for all licensees. They established a computer program to track ce hours for those licensees.

They took an active role in the NARELLO organization, which assists states in solving administrative problems, as well as keeping abreast of all current and upcoming problems on the horizon.

The Board began registration of all timeshare projects in the state.

In FY89 the Board developed a timeshare course and examination. They developed a computer program to track approved continuing education courses and sent notification to all licensees of programs available.

The Board began an extensive rule review and update to upgrade and modernize the rules of the board.

BOARD OF SANITARIANS: The Board is trying to establish communication between the board and the MEHA in reference to continuing education requirements.

They are also encouraging licensees and MEHA to communicate with the Board their concerns, comments and suggestions.

The Board has also become more visible to the public and the licensees, by scheduling their board meetings in conjunction with the association meetings.

The Board has established a lending library for exam applicants.

BOARD OF SOCIAL WORKERS AND PROFESSIONAL COUNSELORS: The Board is working on a way to provide the licensees with a timely procedure for processing renewals and continuing education as needed for renewal, and information regarding board activities and legislation.

With this thought in mind, they had their first roster of current licensees printed in September of 1988. Subsequent rosters will be printed if funds are available.

The Board is reviewing the Codes of Professional Conduct for both professions.

BOARD OF SPEECH PATHOLOGISTS AND AUDIOLOGISTS: The Board reviewed their rules and made many changes, thus eliminating archaic rules and those that went beyond the authority of the board.

A lot of work went into developing one level for aides. Persons with only a Bachelor's Degree will now have to complete their Master's Degree in order to do the functions of a fully licensed speech pathologist.

BOARD OF VETERINARY MEDICINE: The Board implemented legislation that allowed reporting of continuing education every even-numbered year only.

They also implemented legislation calling for the formation of an Embryo Transfer Committee made up of representatives from MSU, Stockgrowers Association, Wool Growers Association, a lay embryo transfer technician, a veterinarian who performs embryo transfer and a member of the Board. This committee outlined procedures for an embryo transfer certification program which would allow lay persons in Montana to perform embryo transfer upon meeting the requirements for state certification.

The Board also adopted Unprofessional Conduct Rules for veterinarians.

LIST OF BOARD MEMBERS BY BOARD

BOARD OF ARCHITECTS:

Robert C. Utzinger, MSU, Bozeman	3/27/90
Jerrell Ballas, P.O. Box 7547, Missoula	3/27/87
Mike Walker, 965 Ave. E NW, Great Falls	7/01/89
F. Wayne Gustafson, 11 E. Airport Rd., Billings	3/27/90
Shirley Pappin, 329 Heather Ln, Great Falls	7/01/92

BOARD OF ATHLETICS:

John R. Halseth, M.D., 1905 Cherry Dr., Great Falls	4/25/92
